Short order is the high performance mop detergent built for the food service industry. Formulated of ingredients selected for their activity on vegetable oils, blood, protein and animal fats, Short Order makes short work of daily mopping chores. It quickly lifts soil from quarry tile, terrazzo or resilient tile floors with a minimum of scrubbing. With regular use, even problem areas like grout lines and baseboards stay beautifully clean and free of discoloration. Low foam cuts mop and recovery time while reducing mop marks and streaks.
