

# Free and Clear

## No Rinse Floor Cleaner

**Excellent Cleaner**  
**Eliminates Rinsing**  
**Low Foam**  
**Fast Drying**  
**Protects Finish**  
**Pleasant Fragrance**  
**Concentrated for Economy**

Wayne Free and Clear is the ideal detergent for daily cleaning of highly polished floors. It gently but effectively removes traffic soils, food and beverage spills and tracked in dirt without “alkaline bite” that attacks and dulls luster. Free and Clear contains an evaporation accelerant to speed drying and reduce safety hazards common to wet floors. A special suds suppressant virtually eliminates foam on the floor to ease pickup. Free and Clear has a clean light fragrance that leaves treated areas with the pleasant scent of fresh sliced lemons. Best of all, Wayne Free and Clear eliminates the need for rinsing. Mopped floors dry clear and bright, free of haze, film and mop streaks ... just the way you want them.

Product# J12ND5 5-gallon pail

## *Gentle, and effective*

*Serving the maintenance community since 1933*

# Free and Clear

## No Rinse Floor Cleaner

### Directions For Use

Wayne Free and Clear is highly concentrated and must be diluted for use. The following directions are intended as a guide. For maximum economy, experiment with lighter concentrations to determine the exact dilution most effective for your conditions.

### General Cleaning and Mopping

Soil Conditions	Application Method	Dilution
Light	Damp mop	2 oz. per gal. (60-1)
Medium	Wet mop & pick-up	3 oz. per gal. (40-1)
Heavy	Wet mop & rinse	6 oz. per gal. (20-1)

### To Prep Floor For Refinishing

1. Use 4 oz. Free & Clear per gallon of warm water.
2. Mop a light film of solution over a small area and allow to stand 2 or 3 minutes. Do **not** allow to dry.
3. Scrub area with floor machine equipped with Wayne Maroon thin abrasive pad.
4. Pick-up dirty solution with a mop or wet vac and allow floor to dry.
5. Polish dry floor with a clean, dry Wayne Blue Ice pad.
6. Damp mop floor with clear water if any powdery residue is visible.
7. Re-apply finish.

### Product Description

A clear, yellow, non-viscous liquid with a lemon fragrance. Chemically, a blend of wetting agents, water conditioners, mild water soluble solvents and essential oils.

### Product Specifications
