

XF-200

Automatic Scrubber Detergent for
General Industrial Cleaning and Degreasing

Ultra low foam - Ultra high efficiency
Highly concentrated

Ultra low foam

New generation, low foam formulation prevents damage to vacuum components.

Ultra high efficiency

Works faster than conventional detergents to maximize cleaning in one pass operation.

Focused formulation

Exceptional penetration and removal of oily, carbonaceous soils from sealed and unsealed concrete in medium to heavy industrial applications.

Ecologically responsible

Contains no phosphate, petroleum solvents or glycol ethers. Generates no VOC's. All surfactants readily biodegradable.

Superior results

XF-200 leaves sealed and unsealed concrete looking clean and clear ... no dulling soap or white caustic film.

Application

Apply with automatic Scrubber, mop & bucket, or pump-up sprayer.

Suggested uses

Warehouses / Factories: Floors and walls

Commercial Kitchens: Equipment, exhaust filters, floors, & walls

XF-200 is concentrated and must be diluted before use. To insure accurate dilution, reduce waste and limit user exposure to concentrated chemical, a mechanical proportioner is suggested. The 162.3 proportioner mounts directly on the drum and accurately delivers premeasured, diluted solution, at 5 gallons per minute.

Manufactured by:

Wayne Concept Manufacturing Co., Inc.

Fort Wayne, IN 46825 260-482-8615

Serving the maintenance community since 1933

XF-100 Product Profile

Appearance:	Blue liquid
Odor:	Bland, odorless in use
Viscosity:	Water thin
Foam level:	Very low
Specific gravity:	1.033
Shelf life:	1 year minimum
Solubility in water:	Infinite
pH Concentrate:	12.8
pH 1-65 - light dilution	11.2
pH 1-32 - medium dilution	11.6
pH 1-16 - heavy dilution	12.0
Use on:	Sealed and unsealed concrete
